

International Conference on Control and Optimization with Industrial Applications (COIA) konfransının kitabında elmi məruzələri dərc olunan UNEC əməkdaşları

<i>Nö</i>	<i>Müəlliflər</i>	<i>Elmi məruzələrin adı</i>	<i>Mənbənin adı</i>	<i>Konfransın adı</i>	<i>Nəşr ili</i>
1.	Elnure, Shafizade	The dynamic model of the optimal trajectory to achieve the desired level of GDP for Azerbaijan	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
2.	Rahimli, G. F.	Assessment of the effects of change in oil prices during the covid-19 pandemic on Azerbaijan economy using input-output analysis	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
3.	Akbarova, Sevda B.; Gasanova, Solmaz A.	Torsion problem for the radially inhomogeneous sphere of small thickness	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
4.	Akhmedov, Natiq	Asymptotic analysis of the torsion problem for the three-layer cylinder of small thickness with soft aggregate	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
5.	Aliyeva, Tarana; Guliyeva, Aida; Rzayeva, Ulviyya; Guliyeva, Gunay	Analysis of cybersecurity indicators: a case of Azerbaijan	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
6.	Mammadov, F. M.	Cryptocurrencies versus fiat money. What is the future?	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
7.	Hasanli, Y. H.; Shabanov, S. A.	Estimation of impact of innovations on the quality of tertiary education	Proceedings of the 6th international conference on control and optimization with industrial applications, vol I	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
8.	Hajizada, Sevda; Badalova, Sevda	Problems of sustainable development of intensively used territories	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020

9.	Jafarli, Hanifa	Macroeconomic problems of continuous development of global economic counsels in the conditions of nationalism	Proceedings of the 6th international conference on control and optimization with industrial applications, vol II	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
10.	Aliyeva, Tarana; Rzayeva, Ulviyya	About one bibliometric method as a tool of big data paradigm	Proceedings of the 6th international conference on control and optimization with industrial applications, vol II	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
11.	Hajiyev, Nazim	Dependence of the international competition index of Azerbaijan on the number of large enterprises	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
12.	Abbasova, Sh. A.; Mirzayev, F. A.; Khuliyev, R. M.; Orujova, T. V.; Orujova, M. Sh.	Assessment of the sustainability of economic growth using neural networks	Proceedings of the 7th international conference on control and optimization with industrial applications, vol. 1	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
13.	Huseynova, N. Sh.; Orucova, M. Sh.; Safarova, N. A.; Hajiyeva, N. S.; Rustamova, L. A.	Numerical algorithms for solving the inverse problem	Proceedings of the 6th international conference on control and optimization with industrial applications, vol I	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
14.	Abbasov, Ali; Aliyeva, Tarana	Application of methods of data mining in the educational process	Proceedings of the 6th international conference on control and optimization with industrial applications, vol I	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
15.	Resulova, U. Z.; Gasimov, B. M.	A numerical solution of differential equations with delay argument	Proceedings of the 6th international conference on control and optimization with industrial applications, vol II	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
16.	Hasanli, Y. H.; Salihova, S. G.	Analysis of the interaction of the tourism sector in Azerbaijan with other sectors of the economy through the input-output table	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
17.	Agayev, Sayyad	Econometric assessment of the impact of transport system of the republic of	Proceedings of the 7th international conference on control and optimization with industrial	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020

		Azerbaijan on macroeconomic indicators	applications, vol II		
18.	Badalova, S. A.; Pimonenko, T.; Pavlyk, V.	Energy efficiency gap: meta-analysis	Proceedings of the 7th international conference on control and optimization with industrial applications, vol. 1	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
19.	Agayev, Sayyad	Assessment of the dependence of passenger transportation on the volume of investments in fixed assets in the republic of Azerbaijan	Proceedings of the 7th international conference on control and optimization with industrial applications, vol. 1	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
20.	Hajiyev, Nazim; Al Salaimeh, Safwan	Control technologies in electronic commerce	Proceedings of the 7th international conference on control and optimization with industrial applications, vol. 1	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
21.	Hajiyev, Nazim; Safwan, Al Salaimeh	Model of analysis and evaluation and rational choice of enterprise development strategy	Proceedings of the 6th international conference on control and optimization with industrial applications, vol II	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
22.	Abasova, S. H.; Safarov, R. A.; Yahya, S. H.	Influence of macroeconomic indicators to state marketing activity management of Azerbaijan national economy	Proceedings of the 7th international conference on control and optimization with industrial applications, vol II	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
23.	Hasanli, Yadulla; Musayeva, Fargana; Rahimli, Gunay	Assessment of the impact of investment on employment using intersectoral labor balance model	Proceedings of the 7th international conference on control and optimization with industrial applications, vol. 1	7th International Conference on Control and Optimization with Industrial Applications (COIA)	2020
24.	Mehdiyev, M. A.; Akbarov, S. D.	Parametric resonance of the system consisting of the circular hollow cylinder and surrounding elastic medium under action in the interior	Proceedings of the 6th international conference on control and optimization with industrial applications, vol I	6th International Conference on Control and Optimization with Industrial Applications (COIA)	2018
25.	Muradov, Adalat; Hasanli, Yadulla; Hajiyev, Nazim	Crude oil price forecasting techniques in the world	Proceedings of the 6th international conference on control and	6th International Conference on Control and Optimization with	2018

		market	optimization with industrial applications, vol I	Industrial Applications (COIA)
